Protect your income!

NJEA member! Ask yourself what could happen if you became disabled.

Would you have enough sick days to maintain income until you return to work?

Would you have enough sick days to reach a financially secure retirement?

In New Jersey public schools, disability insurance is not mandated. Usually members voluntarily purchase disability insurance through the [NJEA-Sponsored Disability Insurance Program](#).

Call 800-727-3414 for information.

Long-Term Care Insurance

Here's another question to consider.

If you or a family member ever needs long-term care services, how would you get the money to provide it?

A responsible source is the [NEA MemberCare Long-Term Care Insurance Program](#). NJEA members have the opportunity to investigate this type of insurance from Educator Insurance Services, the same representatives who market the NJEA-Sponsored Disability Insurance Program. Many people view long-term care insurance as a natural successor to disability insurance. The NEA program provides many options for tailoring the coverage to individual needs while benefiting from a group plan. To request more information or a face-to-face presentation, please call 800-704-1365.
